Float with NS NOPE!

2pm, Whey-ah-Wichen / Cates Park
3pm, Burrard Inlet (Westridge Area)

Join BROKE, North Shore NOPE and The TWN Sacred Trust Initiative to raise community awareness and voice opposition to Kinder Morgan's plan to build a new crude bitumen pipeline from the Alberta tar sands to Burrard Inlet. We are concerned about the many effects this could have: the disregard for First Nations rights, the erosion of democracy, the increase in oil tanker traffic, the increased size of the tank farm on Burnaby Mountain, the effect on health and safety in Burnaby, the North Shore and elsewhere, and the impact on our watersheds, air quality and climate change!

Our message is simple... **The Pipeline Ends Here!**

This is a family-friendly event, with activities, speakers, artists and refreshments. Everyone is welcome! Creative and fun expression encouraged!

Parking is limited! We strongly encourage you to take public transportation to any and all of these events!
