Article I: Management Rights

- A. All management rights, functions and prerogatives which have not been modified or restricted by a provision of this Agreement are retained and vested exclusively with the University.
- B. Without limiting the generality of the above, these rights, functions and prerogatives include (but are not limited to) the University's authority to:

 - 7. maintain order and efficiency and generally manage the University, direct the work force, and establish terms and conditions of employment not in conflict with the provisions of this Agreement.
- C. The governance of the University is vested by statute in the Senate and the Board of Governors. The parties do not intend this Agreement to add to or subtract from the authority of those bodies in the matter of governance.

Article II: Union Recognition

- A. In accordance with the certificate issued by the B.C. Labour Relations Board December 13, 1978 and the variance of that certificate issued by the Industrial Relations Council May 20, 1992, the University recognizes the Union as the exclusive bargaining agent for all non-faculty teaching support staff excluding Laboratory Instructors I and II, Sessional Lecturers, and Associates in the Faculty of Education.
- B. If an employment category other than those in existence on the initial date of this Agreement is added to the bargaining unit during the life of this Agreement, the parties will negotiate the terms of the Agreement which shall apply to the new category.
- C. The University shall not make any written or verbal agreement with a bargaining unit employee which conflicts with this Agreement.
- D. Should this Agreement conflict with any University regulation with respect to terms and conditions of employment of bargaining unit members this Agreement shall prevail.

Article III: Stewards

Contract administration will be handled whenever possible at times other than when a Steward should be carrying out her/his assigned responsibilities.

Article IV: Dues and Union Membership or Non-Membership

- A. Although it is not a condition of employment, all employees shall be deemed to be Union members unless they opt out of membership by written notice to the Union before the end of the fourth (4th) week of their appointment. This option need be submitted only at the time of the initial appointment within the bargaining unit. The matter of Union membership is strictly the business of the members of the bargaining unit and the Union. Every employee in the bargaining unit shall pay dues to the Union during the period of employment and shall complete a written check-off request (Appendix A) at the time of accepting an initial offer of appointment within the bargaining unit. The Union shall provide the check-off form for use by the University. The check-off form unless varied need be completed only at the time of the initial appointment within the bargaining unit. A copy of each check-off form will be forwarded to the Union by the twenty-fifth (25th) day of January, May or September. Check-off requests received after that date will be forwarded in bulk as soon as reasonably possible after receipt.
- B. The University shall honour all such written requests for the check-off of dues, shall deduct the dues biweekly, and shall remit to the Union Treasurer by the fifteenth (15th) day of each month, the dues collected

in the previous month, together with a list of all bargaining unit employees. In addition to the name of each employee, that list shall contain the social insurance number, the employee identity number, department, category of employment, amount of earnings, amount of dues deducted and the cumulative dues deducted for that year.

- C. The University shall indicate the deduction of dues on each employee's pay notification and shall report on the employee's T4 slip the total Union dues deducted during the previous year.
- D. The University shall provide the Union with a current list of bargaining unit employees with the employee identity number, department and employment category of each. Such lists will be generated from information contained in the second payroll run following the start of classes in each semester and the summer session, and shall be forwarded to the Union as soon as reasonably possible thereafter.
- E. The University shall send the Union a copy of the appointment form for each appointment in the bargaining unit. The copy shall be forwarded as soon as reasonably possible following acceptance of the appointment. Copies of revised appointment forms will also be forwarded to the Union.
- F. The Union shall inform the University in writing of any change in the amount of regular dues to be deducted and the University will deduct for each semester at the rate of which it has received most recent notice provided such notice is received no later than the fifteenth (15th) day of the penultimate month of the preceding semester, i.e.,
 - by November 15th for the semester beginning in January
 - by March 15th for the semester beginning in May, and
 - by July 15th for the semester beginning in September.
- G. The University shall honour the voluntary written request (see Appendix A) from any bargaining unit employee (until the written request is revoked) to deduct and remit to the Union Treasurer uniform levies (as distinguished from regular dues) of which the Union gives the University reasonable notice. The University shall indicate on the employee's pay notification the amount of such deductions. The University shall remit to the Union Treasurer the deductions made together with a list of employees' names and amount deducted.
- H. By the end of January the University shall provide the Union with a statement of the regular dues deducted from each employee during the preceding year.
- I. The Union shall provide and the University shall distribute to every bargaining unit employee at the time of each appointment a Union information package (subject to the provisions of Article VII A).

- J. The Union shall indemnify and save the University harmless from all and any claims which may be made against it by an employee or employees for amounts deducted from pay as provided for in this Article.

Article V: Union Representation

The University shall recognize members of the Union's Executive, Stewards, and other persons authorized to act on behalf of the Union, in matters relating to bargaining unit members and this Agreement. The University shall neither discriminate against nor penalize such persons in matters related to current or future employment for the reasons that the persons participate in authorized lawful Union duties.

B. Notification

The Union shall regularly notify the University of the names of its local Executive, Stewards, and members of committees or other bodies specified in this Agreement. In the case of Stewards the Union shall notify the University of the sections of the bargaining unit for which they are responsible.

The Union and the University shall regularly notify each other of the name and mailing address of the person to whom all correspondence concerning matters covered in the Agreement shall be sent.

C. Representation on University Bodies

1. The Union shall be entitled to the following positions:
 - a. two (2) representatives on the University Health and Safety Committee

b. If the Union appointees to the Central University Health and Safety Committee, or Local Joint Health and Safety Committees it may establish, are required to perform duties in their unscheduled time, they will be paid at the hourly rate as set out in Appendix L, except that ELC/ITP Instructors will be paid the special assignment rate as set out in L Article V.A.8.

Article VI: Union Facilities

A. Office

The University shall endeavour to provide the Union with the use of two (2) furnished offices. Rent may be charged which includes the cost of providing normal maintenance services. Four (4) months' notice shall be given prior to the relocation or discontinuance of a Union office.

B. Bulletin Boards

Normally, bulletin boards shall be accessible to all members of the bargaining unit. Where such access cannot be reasonably provided, the matter will be referred to the Labour-Management Committee for resolution. Departments may use a portion of the board for job postings, so long as a minimum of two-thirds of the total space is available to the Union. The associated costs where required will be shared equally by the parties provided that the expenditures have been approved by the parties.

C. University Facilities

1. Mail: For individually addressed communications within the University the Union may use campus mail. Union representatives may have reasonable access to departmental mailboxes of bargaining unit members for the purpose of distributing notices and other Union communications.
2. For the purposes of access to and charges for University facilities and services, the Union will be afforded the same services and at the same costs as provided the other unions and employee associations.
3. At all University campuses, access to facilities is as noted below:

Article VII: Union Information

A. Information to Employees

In the initial correspondence with an individual regarding potential employment in the bargaining unit, the appropriate department shall include a one-page statement about the Union, prepared by the Union at its own expense, provided that the statement is first forwarded to the Executive Director, Human Resources and is not determined to be factually incorrect or inflammatory. If the Executive Director, Human Resources does not forward any suggested changes within two weeks of receiving the statement, the information shall be presumed to be acceptable.

B. Copies of Collective Agreement

The University, through the departments of appointment, shall provide a copy of the current Collective Agreement to all bargaining unit members at the beginning of their initial appointment and at the time a new Collective Agreement is implemented. The cost of preparing a sufficient number of copies for this purpose shall be shared equally by the University and the Union. The costs and the number of copies purchased shall be determined by mutual agreement.

Article VIII: Withdrawal of Services During Term of Agreement

- A. The Union shall not authorize a cessation of work, a refusal to work, a refusal to continue to work, or acts or omissions intended to restrict or limit performance by bargaining unit employees during the term of this Agreement.
- B. The University shall not declare or cause a closing of a place of employment, a suspension of work or a refusal to continue to employ a number of bargaining unit employees for the purpose of compelling or inducing employees to agree to conditions of employment.
- C. Refusal by any bargaining unit employee to cross a legal picket line shall not be considered conduct in violation of this Agreement. The parties agree that they will not coerce individuals in the matter of respecting or not respecting a legal picket line. Nothing in this Article shall limit the right of the Union to inform bargaining unit employees of their rights or of the terms of the Agreement. An employee who refuses to cross a legal picket line shall inform the Department and/or the Department Chair promptly of her/his decision.

- D. Salary will be suspended for the period during which an employee respects a picket line. Deductions from salary will be made as follows: one-tenth (1/10th) of biweekly rate deducted for each instructional day missed (under five (5)) and one-tenth (1/10th) of biweekly rate deducted for each day missed (if five (5) or more days missed). Payment of the associated scholarship shall not be suspended. Benefits will be suspended for this period unless an employee has made satisfactory arrangements to pay both the employer's and the employee's contributions.
- E. During a semester in which a graduate Teaching Assistant withdraws her/his services according to this Article, her/his eligibility for priority for appointments shall be affected in the following way:
1. if she/he was paid for thirty (30) days or less in the semester, the number of base units assigned shall not be counted in her/his priority limits;
 2. if she/he was paid for thirty-one (31) to eighty-nine (89) days, only half of the total number of base units assigned shall be counted in her/his priority limits;
 3. if she/he was paid for ninety (90) days or more, the total number of base units assigned shall be counted in her/his priority limits.
- F. Employees shall not be required or coerced in any way to perform the work of any other University employees who have chosen not to cross a picket line. Any employee who continues to perform her/his own duties is expected to carry out all the responsibilities related to her/his assigned duties.
- G. Nothing in this Article shall limit rights under Section 64 of the Labour Relations Code of British Columbia.

Article IX: No Discrimination and No Harassment

- A. The University and the Union agree that there shall be no discrimination exercised against any member of the bargaining unit in the application of this Agreement for reasons including but not limited to race, colour, age, sex, marital status, parental status, familial relationship to any person employed by the University except a person directly in charge of the execution of her/his duties, place of origin, ancestry, political affiliations or activities, citizenship, sexual orientation, religious beliefs, place of residence, disabilities, pregnancy, nor by reason of her/his membership, non-membership or activity in the Union, except for bonafide occupational requirements (BFOR). Discipline or dismissal for failure to fulfill teaching or teaching support responsibilities according to the terms of this Agreement shall not constitute discrimination.

- B. The University and the Union are committed to Employment Equity and furthering the progress of the University's Employment Equity program.

The Employment Equity program will not abrogate collective agreement provisions between the University and the Union.

C. General Definitions

1. General Definition of Harassment

Harassment is aggressive or threatening behaviour which would be considered by a reasonable person to create an environment not conducive to work. Harassment may occur during one incident, or over a series of incidents including single incidents which, in isolation, would not necessarily constitute harassment. Requests, whether oral or written, made of an employee in a non-harassing manner to comply with provisions of this collective agreement or improve performance are not harassment.

2. Harassment includes sexual harassment and any of the following shall constitute sexual harassment:

- a. unwanted sexual attention, sexual solicitation, or other sexually oriented remarks or behaviour made by a person who knows or ought reasonably to know that such attention is unwanted;
- b. implied or expressed promise of reward affecting one's employment for complying with a sexually oriented request;
- c. implied or expressed threat of reprisal, in the form either of actual reprisal or the denial of opportunity, for refusal to comply with a sexually oriented request.

3. Harassment includes personal harassment, and the following shall constitute personal harassment: behavior directed towards a specific person or persons which serves no legitimate purpose and which would be considered by a reasonable person to create an intimidating, humiliating, or hostile work environment.

- D. 1. The Union and the University recognize the right of bargaining unit members to work in an environment free from harassment. Within the limits of its jurisdiction under existing policies the University undertakes to discipline any person either employed by the University or enrolled as a student who engages in the harassment of a bargaining unit member during her/his term of employment in her/his capacity as an employee. Within the limits of its legal right to do so, the University will endeavor to remove any person neither employed by the University nor enrolled as a student who engages in harassment of a bargaining unit member.

2. The University will, where circumstances warrant it, make every reasonable effort to permit a bargaining unit member alleging harassment to limit or discontinue contact with the alleged harasser without incurring any penalty, pending determination of the grievance or complaint. Where the University considers that a transfer is necessary, every reasonable effort will be made to transfer the alleged harasser. An employee who alleges harassment will not be transferred against his/her will.

- E. When an employee has a harassment complaint and is seeking University action under D.1. above, the complaint shall be raised with the Course Supervisor or Chair in an attempt to resolve it in accordance with Article X within forty-five (45) days of the incident or awareness of the condition giving rise to the harassment complaint.
- F. Where an employee has initiated an employment related complaint under a University Harassment Complaint process, it may be converted to a grievance under Article X up to forty-five (45) days after an informal enquiry has concluded without a successful resolution and before formal procedures have commenced.

In such cases, the complainant must withdraw the complaint under the University Harassment Complaint process. Such grievances will normally be introduced at Step I of the grievance procedure. However, nothing in this clause shall prevent the Union and the University from agreeing to introduce the grievance at Step II (See Article X C).

- G. An employee may grieve the University's response to an employment related harassment complaint under Article X.

Where a complaint has been concluded using a formal mechanism under the University Harassment Complaint process and a decision rendered by the officer responsible for that process, the decision can be grieved within forty-five (45) days, commencing at Step II of the grievance procedure. (See Article X C.2).

- H. Both parties recognize the right of employees to file complaints of employment related harassment under either the grievance procedure in this agreement, or under any university harassment complaint process which may be made available to employees. Where a complainant or a respondent is identified as a bargaining unit member, the harassment resolution co-ordinator or designate shall inform her/him that employees have a right to Union representation for the duration of the harassment resolution process and, in the case of complainants, that another process is available to them under the Collective Agreement if the complaint is employment related.

Article X: Grievance Procedure

A. General

1. Definition: For the purposes of this Agreement, grievance shall mean any difference or dispute arising between the parties to this Agreement, concerning the interpretation, application, or alleged violation of the Collective Agreement, whether between the University and the Union or between the University and any employee covered by the Agreement.
2. No grievance shall be resolved merely because of a technical error in processing the grievance such as incorrect citation of articles or wrong date. A lapse of the time limits is not a technical error. Technical errors discovered at any step of the Grievance Procedure may be corrected and the Grievance shall proceed at the same step.
3. A resolution of a grievance shall not contravene the terms of this Agreement without the written agreement of the Union and the University at Step II, and no resolution of the grievance shall amend the terms of this Agreement.
4. A grievance involving more than one employee in more than one faculty or involving the Union as a whole shall go directly to Step II of the Grievance Procedure.
5. Should the University wish to lodge a grievance against the Union or any employee it shall be presented at Step II to the Joint Grievance Committee.
6. The Grievance Procedure will be used to settle any disputes without stoppage of work.
7. A Grievance must be initiated within forty-five (45) days of the incident giving rise to the grievance or of the date the grievor should reasonably have been aware of the incident.
8. Every reasonable effort will be made to schedule the joint meetings required under this Grievance Procedure at times which do not conflict with scheduled teaching assignments. When this is not possible, an employee, whether as a grievor, witness, or Union representative, who is required to miss a teaching assignment, shall suffer no reduction in compensation to which she/he would otherwise be entitled as a bargaining unit employee.
9. For any particular grievance, the time limits provided in the Grievance Procedure may be extended by mutual written consent of both parties.

10. At the culmination of any step, the grieving party may terminate the grievance procedure by informing the other party in writing of its decision to terminate.
11. Grievance settlements shall be applied retroactively to the date of the first incident giving rise to the grievance, unless an alternative settlement is mutually agreeable.
12. In this Article, and in Article XI "Arbitration", all reference to "days" shall mean all calendar days excepting those days occurring between the last day of examinations of one semester and the first day of classes of the following semester. In the event that a time limit date falls on a day not normally worked at the University -- weekends, statutory holidays -- the date shall be taken to be the next working day.
13. Termination of an individual's employment and thereby her/his membership in the bargaining unit, shall not affect her/his right to grieve a matter which occurred during the period she/he was a bargaining unit employee, but the time limits detailed in the grievance procedure shall still apply.
14. The University shall not dismiss or discipline an employee bound by this Agreement except for just cause.
15. At any meetings outlined in this Article another Union representative may substitute for the Shop Steward. When a Union representative who is not a Steward is to accompany an employee, the Union shall inform the University, in writing in advance, of the identity of that person and her/his responsibilities.
16. The Union or the University may bring additional representatives to any meetings outlined in Section C. of this Article provided reasonable notice of the identity of the person(s) is given to the other party.
17. Following the initiation of a grievance, the University and the Union agree, upon written request, to provide disclosure of such information as necessary for the resolution of the grievance. Information consisting of minutes of meeting(s) or conversation(s), strategy or planning notes or the employer material involving preparation for grievances or arbitration is not subject to disclosure. All disclosures shall be limited by relevant statutes and regulations.

B. Problem Solving

The parties to this agreement strongly support an informal problem solving process between the individuals closest to the problem. To this end, an employee who has a problem with any employment issue or a potential grievance may meet with the person directly in charge of

the employee's execution of her/his duties, or the Chair, in an attempt to resolve it.

However, before a potential grievance may be pursued to Step I of the Grievance process, the chair must be informed of the issues by the employee or by the Union and given a reasonable opportunity to resolve the matter. In meetings with the Chair, the employee may be accompanied by a Shop Steward or any TSSU representative if she/he so desires.

At any stage of Problem Solving, either party may request that a mediator/facilitator assist the parties in seeking a resolution (see below).

Mediators: The parties will maintain a list of informal mediators / facilitators agreed to by both parties, who if requested will assist the individuals involved in the informal problem solving exercise. The role of the mediator / facilitator will be to draw out the facts, ensure that both parties have an opportunity to explain the issues and to assist the parties to reach a mutual agreement. Where agreement cannot be reached, the mediator / facilitator may recommend a non-binding solution.

Agreements: An agreement reached must be within the powers or authority of the individuals involved and cannot bind or oblige any other party. Any agreements reached at this level will not be relied on by any party as establishing a precedent, nor will it be prejudicial to either party's ability to apply or interpret the terms of the collective agreement. Copies of written agreements must be forwarded to the Department Chair, respective Dean, TSSU and the Executive Director, Human Resources.

Provision to advance to the Grievance level: Any problem raised and not resolved, which falls within the definition of a "grievance" and which has been brought to the attention of the Chair as provided above, may be advanced to Step I of the grievance procedure at any time during the problem solving level discussions, or on the conclusion of discussions at the problem solving level. If there is any doubt regarding the conclusion of the informal problem solving level, then a matter to be raised as a grievance must be advanced within forty-five (45) days of the last meeting in the informal process.

C. Grievance Procedure

1. Step I

- a. Should the problem be unresolved, the employee may initiate a grievance. Within the forty-five (45) days in A.7. above or following the provisions of the Problem Solving process the employee through the Union must present the grievance in

writing to the Dean of the Faculty with copies to the Department Chair and Executive Director, Human Resources. The grievance statement shall include the following:

- (i) a description of the grievance and the incident(s) from which the grievance arose,
 - (ii) an indication of the Article(s) alleged to have been violated,
 - (iii) the suggested remedy.
- b. The Dean shall within fourteen (14) days of the filing of a notice of grievance meet with the employee who shall be accompanied by her/his Shop Steward and/or other Union representative.
 - c. The Dean shall give the Union a written response to the grievance within ten (10) days of the Step I meeting and shall provide copies to the employee and the Executive Director, Human Resources.
 - d. In the event of her/his inability to attend any meeting, the grievor may authorize the Union to proceed with the grievance on her/his behalf.
 - e. Step I is complete when the Dean has forwarded her/his written response. If a response is not made within ten (10) days, Step I will be considered to have been completed and if there is no agreement between the parties, the grievance will automatically advance to Step II.

2. Step II

- a. Each party to this Agreement shall appoint three (3) members to serve on a Joint Grievance Committee which will attempt to resolve and shall have the authority to resolve all grievances.
- b. No person may serve as a member of the Joint Grievance Committee when she/he has had a direct involvement in the grievance being considered, with the exception of the University-wide policy grievances.
- c. The Joint Grievance Committee shall meet within twenty (20) days of receipt of the grievance in an attempt at resolution. Failing resolution at that meeting or agreement to continue the grievance at a subsequent meeting, either party may, within twenty (20) days of the Joint Grievance Committee meeting, signify in writing its desire to proceed to arbitration.

Article XI: Arbitration

A. General

1. Within ten (10) days of giving notice of its desire to proceed to arbitration the party initiating the arbitration shall notify the other in writing of its nominee to the Board of Arbitration. The second party shall name its nominee within five (5) days of notice by the party desiring arbitration. Within ten (10) days of the Notice to Proceed to Arbitration being given, the parties shall exchange written explanations of their positions on the grievance.
2. The two appointees shall meet within ten (10) days of such notice and select the Chair within five (5) days. No person involved directly in the dispute under consideration shall be a member of the Arbitration Board.

Except in the event of a strike or lockout at the University all hearings conducted by the Arbitration Board shall, whenever reasonably possible, be conducted at the University at a location other than the Administration Building.

3. The Arbitration Board shall convene as soon as possible after being constituted and shall receive and consider such material evidence and contentions as the parties may offer. The decision of the majority of the Arbitration Board, or failing a majority, the decision of the Chair of the Arbitration Board, shall be final and binding on all parties to the dispute.

B. Powers, Duties and Authority of the Arbitration Board

The Arbitration Board shall determine whether the matter before it is arbitrable. The Arbitration Board shall not have the power to add to, subtract from, disregard, alter, or modify any of the terms of this Agreement. The Board's award must be consistent with the terms of this Agreement.

C. Time-off to Attend

Where required attendance at arbitration hearings necessitates absence from scheduled teaching assignments, the grievor and one Union representative shall suffer no reduction in compensation to which they would otherwise be entitled as a bargaining unit employee.

D. Expenses

Each party shall bear the fees and expenses of its own nominee to an Arbitration Board and the parties shall jointly and equally bear the fees and expenses of the Chair. There shall be no cost for the use of University facilities.

Article XII: Academic Decisions

- A. The parties recognize that many individuals within the bargaining unit have another relationship (that of student) with the University and agree that this Agreement applies only to the terms and conditions of bargaining unit employment.
- B. Academic Decisions are the exclusive prerogative of the University and its faculty members.
- C. However, Academic Decisions regarding the status, progress or performance of students within the bargaining unit shall be grievable where:
 - 1. they directly affect employment status, and
 - 2. discrimination contrary to Article IX, "No Discrimination and No Harassment", is alleged by the grievor.

Article XIII: Teaching Assistants

A. Definitions

- 1. A Teaching Assistant is a bargaining unit employee who is appointed for a semester to assist in tutorial and/or laboratory instruction and/or related matters.
- 2. There are four categories of Teaching Assistants:
 - a. Graduate Teaching Assistant 1 (GTA 1). A GTA 1 must be registered at Simon Fraser University for a master's degree or as a qualifying student for a master's program.
 - b. Graduate Teaching Assistant 2 (GTA 2). A GTA 2 must be registered at Simon Fraser University for a doctoral degree or as a qualifying student for a doctoral program.
 - c. Undergraduate Teaching Assistant (UTA). A UTA must be registered at Simon Fraser University in a program leading to teacher certification, a diploma or a bachelor's degree.
 - d. External Teaching Assistant (ETA). An ETA is a person who is not otherwise a full-time employee of the University and who is not a student in any of the categories referred to in a, b or c above.

B. Qualifications

- 1. Many departments include a wide range of specializations and, in order to be appointed, a person must have sufficient knowledge in the discipline of the course to interpret the course material.
- 2. Teaching Assistants shall be competent in oral and written English. However, in special circumstances, a student who has

the other qualifications, but who may not have complete competence in oral English may be assigned or reassigned to duties which do not include direct classroom contact, or may be assigned to assist another employee in classroom contact.

3. Normally, an External Teaching Assistant's qualifications shall include a bachelor's degree or appropriate certification and some teaching experience.

C. Duties and Responsibilities

1. Within such limits as may be established by Senate it is the prerogative of the department and/or responsible Course Supervisor to determine the structure, format and instructional methods in any course.
2. A Teaching Assistant is responsible for assigned instruction, usually in a classroom or laboratory setting, and/or for such related tasks as may be assigned or required by the Department Chair or her/his designate (usually the Course Supervisor) for the effective conduct of these duties. These related tasks shall include (but are not limited to) such of the following as may be assigned at the outset or during the term of the appointment:
 - a. attendance at such orientation, planning and coordinating meetings as may be scheduled for staff in the course.
 - b. attendance at the lectures and other sessions of instruction in the course.
 - c. regular consultation with the faculty member or other person responsible for the course.
 - d. preparation for the instruction to be given in the tutorial, laboratory or other setting.
 - e. preparation of handouts, problem sets, quizzes, exams and other materials.
 - f. marking of assignments assigned to the Teaching Assistant and the assigned portion of the work submitted by students in the course generally, e.g. the midterm exam, final exam or equivalent, the marking of which may be shared among the TAs assigned to the course. The Teaching Assistant will receive guidance, supervision and involvement from the Course Supervisor. The Course Supervisor will be responsible for final grades and grading practices.
 - g. consultation with students registered in the course or courses to which the TA is assigned, including both the maintenance of regularly scheduled and posted times for such consultation and a reasonable amount of informally scheduled

consultation if necessary. Consultation may include electronic communication.

- h. such other related duties as may be assigned, e.g. development or adaptation of audio visual material, preparation of experiments, participation in field trips.
 - i. occasional substituting for other members of the teaching or teaching support staff including the necessary related tasks.
3. The person who has responsibility for the course shall:
- a. outline at the outset of the course the duties and responsibilities of the teaching support staff assigned to the course.
 - b. review the evaluation form and evaluative criteria with the Teaching Assistant at the beginning of the semester. The basic evaluation form for Teaching Assistants is found in Appendix E.

If a Teaching Assistant is unclear about the nature of her/his responsibilities, she/he should contact the person in charge of the course and clarify the expectations. See Article XIII E. for workload reviews.

- 4. The person who has responsibility for the course shall endeavour to consult with the Teaching Assistant before changing marks assigned by her/him.
- 5. A Teaching Assistant shall conduct her/himself in a responsible and ethical manner in the performance of her/his duties and in her/his relations with students and staff.
- 6. A Teaching Assistant shall not discriminate against any student on any of the grounds named in Article IX, "No Discrimination and no Harassment".
- 7. Within the course outline, structure, and format determined by the person responsible for the course, employees in the bargaining unit are entitled to encourage critical thought and freedom of discussion among their students. This provision is subject to the limitations of Article XIII C.

D. Assignment and Compensation

- 1. In addition to the nature and scope of particular duties assigned under C.2, workload will be affected by some or all of the following factors:
 - a. the number of classes (normally tutorials, labs or studios) assigned,

- b. the number of students in each class,
- c. the length of the scheduled periods of teaching, and
- d. the number of marking assignments.

If one or more of the factors affecting workload makes particularly slight or particularly heavy demands on a Teaching Assistant's time, the University shall endeavour to make compensatory adjustments on other factors to ensure that the hours required approach but do not exceed the guidelines stated in 3. and 4. below. Adjustments in workload after an appointment has been confirmed shall not result in a reduction in the total compensation received by an employee. The number of different courses to which a Teaching Assistant is assigned will also affect the hours she/he is required to work. Therefore, for each different course in which a Teaching Assistant is assigned regular classroom contact she/he shall be compensated for 1.17 base units beyond those defined in 3.b below.

Where a Teaching Assistant is assigned duties in an additional course without regular classroom contact, the Teaching Assistant will be compensated for the preparation required to fulfill the additional assigned duties. Additional duties should not be assigned in such a way so as to place an unreasonable burden upon the Teaching Assistant at any point during the Semester. (The compensation for the preparation time will generally be accomplished by providing hours within the maximum hours per base units assigned. Where that is not possible additional compensation will be paid to the Teaching Assistant.)

2.
 - a. Assignment and compensation shall be expressed in terms of base units and the number of hours of work required for each base unit is expected to approach but not to exceed forty-two (42). (See Appendix B).
 - b. There are no hours of work associated with the additional 0.17 base unit for preparation. (See Appendix B).
 - c. To compensate for all statutory holidays which may occur in a semester, the total workload will be reduced by one point one (1.1) hours for each base unit assigned, excluding the additional 0.17 base unit for preparation, e.g. four point four (4.4) hours reduction for a 4.17 base unit appointment.
3. Except as noted, each of the following shall constitute one base unit:
 - a. the initial and ongoing preparation in a course in which a Teaching Assistant is assigned regular classroom contact (as in 1. above) shall constitute 1.17 base units. This is a general

provision and some preparation time will be incorporated in the base units described in b.

- b. a one hour tutorial (or equivalent, cf. 4. below) each week for a semester and all related duties assigned or required for the effective conduct of the tutorial (or equivalent).
- c. when a Teaching Assistant is assigned no direct classroom contact, one (1) base unit shall comprise an amount of marking or other duties related to instruction estimated to approach, but not exceed forty-two (42) hours to perform.

The definition of base units is only an approximation of the time required for duties assigned since the actual hours may be affected greatly by differences in the expertise and experience of the employee and even by differences in style and approach to aspects of the work.

- 4. The parties recognize great variations across the University in subject matter and mode of instruction, and agree that it shall be the University's responsibility to establish and maintain equivalence in assignments.

In the establishment of equivalents, some guidelines can be identified as follows:

- a. Including the assigned duties related to each, a one (1) hour tutorial shall normally be considered equivalent to two (2) hours in a scheduled laboratory or to three (3) scheduled hours in an open laboratory.
- b. Including the assigned duties related to each, the following are examples of exceptional assignments deemed to be equivalent to 4 x 1 hour tutorials and the assigned related duties:

3 x 2 hour tutorials - Geography

3 x 2 hour labs - Psychology, Geography

3 x 1.5 hour tutorials - English

- c. A Department that establishes a new equivalency shall notify, in writing, the Union and Human Resources of the new equivalency at least sixty (60) calendar days prior to the commencement of a new equivalent. If the Union disagrees with the equivalency it has ten (10) working days to notify the Department, with a copy to Human Resources, outlining in writing its reasons for disagreement with the equivalency. Should the Department and the Union fail to reach agreement, the matter shall be referred to the Director of the

Learning and Instructional Development Centre, who shall make the final decision.

Establishment of a new equivalent shall result in an assignment approaching but not exceeding forty-two (42) hours of work per base unit.

For the purposes of this Article a new equivalence will be deemed to have been created if a Department creates a new course or changes an existing course which:

- does not comply with Article 4.a or b (above); or
- is an equivalency that has not been in use for other courses within that Department.

5. The assignment given a GTA will not normally be fewer than three (3) or more than seven (7) base units and the most common assignment will normally be five (5) or six (6) base units.
6. Compensation shall be inclusive of all the duties and responsibilities assigned to and performed by a Teaching Assistant during the term of the appointment and an increase in workload beyond the number of base units assigned will result in a commensurate increase in remuneration.
7. Assigned substituting within a course for a week or less during the course of a semester in duties comparable to those already assigned will normally be considered to fall within the duties of an employee and will not result in additional compensation. If it is appropriate and feasible, arrangements may be made to exchange duties. Substitution shall not constitute an unreasonable burden on the employee.
8. Subject to the approval of the Department Chair and the employee, the employee may be asked to give one or two lectures for the person responsible for the course and, if it is feasible, arrangements will be made to exchange duties to accommodate such a request.
9. Substitution beyond the limits specified in 7 and 8 above must be acceptable to the Department Chair and to the Teaching Assistant, and the Teaching Assistant shall be compensated in full or fractional base units commensurate with the duties assigned.
10. An increase in the number of base units assigned will result in an appropriate increase in remuneration.
11. Should a Teaching Assistant work beyond the four (4) month term of appointment as in the case of a deferral or appeal, additional compensation shall be prorated at an hourly rate appropriate to her/his classification. The number of hours to be undertaken shall

be determined by mutual agreement of the employee and Department Chair.

E. Tutorial Size, Workload Reviews and Time Use Guidelines

1. The basic Time Use Guideline (TUG) appears in Appendix C. Departmental forms may contain other job related details, but must include the elements of the basic Time Use Guideline.
2. Departments will send out Time Use Guidelines to each Course Supervisor and will require their use when establishing the required duties and responsibilities as outlined in Article XIII C. Establishment of the duties will take into account several factors, including, but not limited to, tutorial or lab size, number of marking assignments, midterm examinations and final examinations, introduction of new texts and/or new software, and preparation time. Where a Teaching Assistant is required to use course specific software or technology with which she/he has no previous experience or training, the Course Supervisor shall allocate a reasonable amount of time, up to seven (7) hours in the Time Use Guidelines for preparation related to learning to use the software or technology. Additional hours may be allocated where mutually agreed to by the Course Supervisor and the TA, and upon departmental approval.

The Course Supervisor shall complete these forms during the first week of classes each semester in consultation with the Teaching Assistant. The Teaching Assistant is entitled to suggest amendments to the assigned times for the various activities. The Course Supervisor shall provide, on the Time Use Guideline, a guideline of the approximate length of time expected to be devoted to each major activity, e.g., classroom contact, marking, office hours, electronic communication. The provisions of Article XIII D.3 regarding individual variances will apply.

3. All TA assignments will be reviewed by the Course Supervisor to assess that the workload will not, by semester end, exceed the maximum hours of work provided as follows:
 - a) Prior to the end of week five (5), Departments shall remind Course Supervisors and Teaching Assistants that Course Supervisors are required to conduct a workload review (Workload Review Form in Appendix C).

- b) The Course Supervisor will conduct the workload review in consultation with the Teaching Assistant in a timely manner so as to ensure that the course is sufficiently advanced to assess the workload. The Course Supervisor will advise the Teaching Assistant of the result of the review, and the Department will retain the copy of the completed review form until the conclusion of the following semester.

Where the Course Supervisor concludes that the workload required will, by semester end, exceed the total workload hours of the appointment, then it will be necessary to either reduce the workload, where possible, or provide additional compensation. The Department Chair shall promptly advise the Teaching Assistant of the results and reasons of decision in writing, with a copy to the Union.

After receiving the results of the workload review, the Teaching Assistant can request a meeting with the Department Chair to discuss the review. The Teaching Assistant has the right to be accompanied by a Union representative at that meeting if she/he so wishes.

4. The University will supply the TSSU with copies of the end of week three enrollment data from the Registrar as soon as such information is available.
5. Teaching Assistants are encouraged to review their workload with their Course Supervisor on a regular basis. It is acknowledged that adjustments to the hours assigned to any one factor may be necessary, with the provision that there may be compensatory adjustments on other factors to ensure that the hours required approach but do not exceed the maximum hours per base unit assigned. The Course Supervisor must be aware of and approve any such reallocation. Early identification and consultation regarding workload concerns affords both the Teaching Assistant and the Course Supervisor a better opportunity to resolve problems. This is especially important where the Teaching Assistant believes that she/he cannot complete the work required by the Course Supervisor within the assigned hours. A Teaching Assistant who, after consulting with the Course Supervisor still reasonably believes that the workload required by the Course Supervisor will exceed, by semester end, the maximum of forty two (42) hours per base unit assigned, may submit a written request for a review to the Department Chair, at the earliest opportunity, outlining how the workload required by the Course Supervisor will exceed the assigned base unit total. The parties acknowledge that such requests do not constitute a criticism of the Course Supervisor or the Department Chair, but are a legitimate

part of the ongoing monitoring of the Teaching Assistant workload.

Where the workload review finds that the Teaching Assistant has sufficient time to complete the required tasks within the TUG but is having difficulty in doing so the Course Supervisor will review the employment of time with the Teaching Assistant and provide direction as to intended use of the time and feedback on how the Teaching Assistant is currently using her/his time.

6. The Department Chair shall review the workload within ten (10) days of the written request. If found excessive, the workload shall be reduced accordingly, or, with the agreement of the employee, the compensation increased accordingly. The Department Chair will advise the Teaching Assistant of the results and reasons in writing, with a copy to the Union.
7. A Teaching Assistant who believes she/he has been required to exceed and has exceeded the total hours maximum for the base unit assigned may grieve for the appropriate increase in compensation. Such a grievance shall not be prejudiced by any workload review.
8. Where a TA or the Union believes there is a workload issue in a specific course, the Union may request a copy of the Time Use Guideline and/or the Workload Review for that course by notifying the department in writing. Upon receipt of the written request, the department shall provide a copy to the Union of the Time Use Guideline and/or the Workload Review within ten days.

F. Appointment Priority

1. Teaching Assistants may be appointed to fill teaching support positions only when faculty members are unavailable. Faculty members and full time employees of the University are not Teaching Assistants. However, no appointment of a Sessional Lecturer I may be made if there is a qualified graduate student within the first priority group (specified in F.3.) available for appointment as a GTA.
2. Priorities are based on the following principles:
 - a. teaching-related experience in her/his field of study can be of value to a graduate student both in her/his studies and in her/his preparation for a career.
 - b. the provision of teaching-related employment is an element in the University's financial support of its graduate students.
- 3.1 a. In hiring Teaching Assistants, departments shall give priority to the applicants in the following order:

- (i) Graduate students registered in the department
 - (ii) Graduate students registered in other departments
 - (iii) Undergraduate Teaching Assistants (UTA) or External Teaching Assistants (ETA)
- b. Prior to appointing a Teaching Assistant from applicants in (ii) or (iii), the department must have provided at least a five (5) base unit appointment to those applicants in (i). Subsequently the same will be applied to those applicants in (ii) prior to appointing a Teaching Assistant from applicants in (iii). If any graduate student requests less than five (5) base units, then fulfilling that request will be sufficient to comply with this requirement.

The Union shall be provided, upon written request, a list of applicants and appointments (including course, section and base units assigned) to TA/TM positions within a given Department. The list shall be provided within ten (10) days of receipt of the written request.

3.2 Departments must establish a detailed priority system for use in any selection between applicants within a priority group as outlined in Article XIII F. The detailed department priority system will include a statement that if an assignment within a priority group requires a selection between applicants, the graduate student without financial support from merit based scholarships or merit based fellowships during the semester of appointment with a value equal to at least a 5.17 base unit appointment, will have priority for the appointment. Departments must post the detailed priority system by the end of the eighth (8th) week of the semester prior to its implementation and keep it posted in a prominent location on the job posting portion of the departmental website. The Department shall forward to the Union office a copy of any such system at the time it is first posted and each time it is amended. Any exceptions to this procedure shall be by mutual consent of the parties.

4. a. If a Graduate student indicates in writing a desire to TA in their department, s/he will be deemed to have applied for all available TA positions in the relevant semester. Such Graduate students will not be required to apply for specific appointments, but may indicate their preferences for particular courses.
- b. Graduate students from outside the department must apply in writing and indicate the courses to which they are applying; they may indicate any preferences for particular courses.

5. If Teaching Assistant positions become available after the initially posted positions in the department have been assigned, the department will notify all graduate students registered in the department, via email. In addition, the position will be posted on the central posting system in accordance with the last paragraph of Article XVI.
6. Qualified graduate students who have been allocated less than five (5) base units in a given semester who apply specifically for these new positions, will have priority for additional base units up to five (5). These positions shall be assigned in accordance with Article XIII F 3 and 4, recognizing the exceptions provided in XIII F 7.
7.
 - a. The parties recognize the existence of a limited number of courses for which special qualifications or professional or technical experience are important elements in determining a person's level of competence for performing tutorial or laboratory teaching support duties. The Labour - Management Committee will be the forum for discussion of the circumstances requiring such qualifications or experience.
 - b. When such positions are posted the posting shall include the special qualifications or experience expected.
 - c. Among candidates with equal qualifications the priorities stated in 3. shall apply.
8. Failure to give timely acceptance of an offer of appointment may result in loss of priority for that semester.
9. The appointing department shall make all reasonable efforts to apply candidates' stated preferences when appointments and assignments are made.

G. Term of Appointment

The term of appointment for a Teaching Assistant shall normally be seventeen (17) weeks from the beginning of a semester. An exception to this is appointment for an Intersession or Summer Session. In any event the term of a Teaching Assistant's employment shall not exceed four (4) months.

H. Re-employment as a Teaching Assistant

1. To be considered for re-employment, a graduate or undergraduate Teaching Assistant must maintain satisfactory performance as a Teaching Assistant.
2. The re-employment of Teaching Assistants will also depend upon the needs and budget resources of the University.

- I. For position posting, offers of employment and conditional upon enrollment see Articles XVI and XVII.

Article XIV: Sessional Instructors

A. Definitions

1. A Sessional Instructor is a bargaining unit employee who is appointed for a semester to teach a credit course. The appointment to teach a credit course normally requires some or all of the preparation of the course, the major responsibility for the presentation of course material, consultation with students and the assignment of grades.
2. Part-time and full-time Faculty (and visiting and limited term Faculty) holding the rank of Lecturer, Instructor, Assistant Professor, Associate Professor, or Professor are not Sessional Instructors. Persons who are employed full-time by the University outside the bargaining unit and who are, in addition, appointed to teach are not Sessional Instructors.

B. Qualifications

A Sessional Instructor shall hold a graduate degree or equivalent qualification in the field of her/his assignment. She/he shall also provide evidence of teaching ability commensurate with the responsibility of teaching the assigned credit course and of carrying out the duties related to the effective conduct of that course.

C. Duties and Responsibilities

1. A Sessional Instructor shall be responsible to the Department Chair or her/his designate for the teaching of the course to which she/he is assigned and for all the related duties which may be assigned or required for the effective conduct of the teaching duties.
2. In some cases a Sessional Instructor may be expected to develop and submit such items as a course outline or textbook order in advance of the semester or to assist in following up a grade appeal or the clearing up of a deferred grade after the end of the semester.
3. With respect to the presentation of a course, a Sessional Instructor will be informed by the Department Chair or her/his designate of the limitations, if any, placed on her/him in such matters as course outline, selection of texts, reading lists, assignments, grading, and the use of software. Where the use of specific and/or specialized software is identified as a requirement for the course, such notification shall occur with the offer of employment.

4. Within the scope of the course taught, and of specific limitations established from time to time by the department or by the Chair, a Sessional Instructor shall be free to present material and information related to the subject matter of the course in a manner she/he deems appropriate, to make independent comment, and to encourage critical judgment by students.
5. A Sessional Instructor who is assigned teaching support staff to assist in the course for which she/he is responsible shall be required within such guidelines as may be provided by the Department Chair to outline the duties and responsibilities of each such member of the teaching support staff at the outset of the semester.
6. A Sessional Instructor shall conduct her/himself in a responsible and ethical manner in the performance of her/his duties and in her/his relations with students and staff.
7. A Sessional Instructor shall not discriminate against any student on any of the grounds named in Article IX "No Discrimination and No Harassment".

D. Compensation

1. Compensation for Sessional Instructors is based on the assigned weekly contact hours of lecture, seminar and/or tutorial or equivalent (as defined in Article XIII, Teaching Assistants).
2. For each different course for which she/he is responsible, a Sessional Instructor will be paid the amount of 1.25 weekly contact hours of compensation for preparation, plus one (1) weekly contact hour of compensation for each assigned weekly contact hour of lecture, seminar and/or tutorial or equivalent. In some cases, after consultation with the Sessional Instructor, the department may determine that different or additional preparation, instructional techniques, software, or texts etc. are necessary. The Department Chair will then meet with the Sessional Instructor to determine the appropriate level of additional compensation and include the appropriate compensation at the time that the appointment is offered. If the department determines that such additional work is warranted after the course has begun, the department in consultation with the Sessional Instructor will establish an appropriate date for the commencement of such additional contact hour payments. The Sessional Instructor is entitled to Union representation at such meetings, if she/he so desires.
3. Should a Sessional Instructor work beyond the end of Week one (1) of the following semester, additional compensation shall be paid at an hourly wage rate equivalent to that of a GTA 2 salary

and scholarship (\$31.57 May 1, 2015 to April 30, 2016; \$31.88 May 1, 2016 to April 30, 2017).

4. If a Sessional Instructor is assigned duties in a course for which she/he is not responsible, she/he will be compensated for those duties on the same basis as a Teaching Assistant would be compensated.
5. In certain specific instances, equivalents other than those stated in the Agreement have been established. The University shall inform the Union of the equivalents which have been established and when the establishment of other such equivalents is anticipated the University shall notify the Union promptly and shall place the matter on the agenda of the Labour - Management Committee.

E. Employment Priority

1. A Sessional Instructor may be appointed only when no faculty member is available to undertake the teaching responsibilities.
2. Except as modified below, all Sessional Instructors shall be hired on the basis of written applications and open competitions. If after such consideration two (2) or more applicants for an appointment are qualified, the one with the most seniority shall be appointed. Seniority will be based on the number of semesters the applicant has taught as a Sessional Instructor or as a faculty appointment, commencing with the first appointment as a Sessional Instructor.

A Sessional Instructor who has taught a given course within the last three (3) semesters shall be sent the posting for that given course by email at least ten (10) days before the application deadline. Such individuals may then apply for that course offering through the regular application process. The department will make every reasonable effort to ensure the email notification is sent, and given that effort, inadvertent failure to notify will not then be grievable.

3. It is recognized that teaching related experience in her/his field of study can be of value to a graduate student or postdoctoral fellow. Therefore, each department may invoke a right to hold in reserve certain Sessional Instructor positions for Graduate Students and Postdoctoral Fellows, as provided herein:
 - a. This reserve shall consist of up to twenty five (25) percent of the appointments within a given department that may be reserved for and awarded to qualified Graduate Students or Postdoctoral Fellows;
 - b. The number of such appointments shall be calculated based on the number of Sessional Instructor positions in the yearly

teaching plan for each department. Any fractions are to be rounded up to the nearest integer;

c. Appointments to the Reserve Sessional Instructor positions shall be provided to qualified Graduate Students and Postdoctoral Fellows first; however, in the event that the positions are not filled therefrom, they shall be released for appointment to any qualified applicant as per this Article.

4. All positions must be posted according to Article XVI (Postings).
5. Seniority shall be lost when a Sessional Instructor:
 - a. is terminated for just cause, unless the Sessional Instructor is subsequently reinstated through the grievance procedure;
 - b. does not receive a teaching appointment within twenty four (24) months of the end date of their most recent appointment;
 - c. voluntarily resigns.
6. Semesters spent on maternity/parental leave will count for the purposes of seniority accrual as if one course were taught each semester.
7. Timely refusal of an offer of appointment shall not prejudice future employment at the University.

F. Term of Appointment

1. The term of appointment of a Sessional Instructor shall normally be four (4) months less a day or in Intersession or Summer Session, two (2) months.
2. If, at the time an appointment is being made for one (1) semester, an appointment for a subsequent semester is also approved, the offer of appointment may include both semester appointments.
3. Individuals who have taught an average course load equivalent to four (4) courses per year over four (4) years, shall be offered a Limited Term Lecturer position, with an appointment ranging from 50% - 100% for a minimum of one year. The calculation of the average course load equivalent may include courses taught while a graduate student, but a graduate student may not be offered a Limited Term Lecturer appointment of more than twelve (12) months.

- G. For position posting, offers of employment and conditional upon enrollment see Articles XVI and XVII.

Article XV: Distance Education Tutor/Marker

A. Definitions

1. A Tutor/Marker is a bargaining unit employee who is appointed for a semester to provide assistance with instruction and advice to students in a distance education credit course, to mark the assignments submitted by the students in the course and provide feedback to the students. A Tutor/Marker shall be responsible to the Course Supervisor.
2. There are four categories of Tutor/Marker:
 - a. Graduate Tutor/Marker 1 (GTM 1). A GTM 1 must be registered at Simon Fraser University for a master's degree or as a qualifying student in a master's program.
 - b. Graduate Tutor/Marker 2 (GTM 2). A GTM 2 must be registered at Simon Fraser University for a doctoral degree or as a qualifying student in a doctoral program.
 - c. Undergraduate Tutor/Marker (UTM). A UTM must be registered at Simon Fraser University in a program leading to teacher certification, a diploma or a bachelor's degree.
 - d. External Tutor/Marker (ETM). An ETM is a person who is not otherwise a full-time employee of the University and who is not a student in any of the categories referred to in a, b or c above.

B. Qualifications

1. Many departments include a wide range of specialization and, in order to be appointed, a Tutor Marker must have sufficient knowledge in the discipline of the course to interpret the course material.
2. A Tutor/Marker shall be competent in oral and written English.
3. Normally, an external Tutor/Marker's qualifications shall include a bachelor's degree or appropriate certification and some teaching experience.

C. Duties and Responsibilities

1. Within such limits as may be established by Senate it is the prerogative of the department and/or responsible Course Supervisor to determine or to change the structure, format and instructional methods in any course.

2. A Tutor/Marker is responsible for assigned instruction in a distance education course, and/or such related tasks as may be assigned or required by the Department Chair or her/his designate (usually the Course Supervisor) for the effective conduct of these duties. These related tasks shall include (but are not limited to) such of the following as may be assigned at the outset or during the term of the appointment:
 - a. The Tutor/Marker will consult with the Course Supervisor in order to discuss specific instructional information and guidance related to the course and the guidelines for marking assignments and providing feedback to students. The Tutor/Marker will also consult with the Course Supervisor over any problems which arise during the semester in relation to the course. The responsibilities of the Tutor/Marker will be specified by the Course Supervisor.
 - b. The Tutor/Marker will attend an orientation meeting scheduled by the Centre for Online and Distance Education, by the eighth calendar day of the semester. Tutor/Markers shall be entitled to include the Orientation time as part of the initial preparation time of their appointment and shall be notified of this. For the Fall and Spring semesters, time at orientation shall be considered part of the six (6) hours of Professional Development and Orientation under Article XXV M. The Union will be informed of the time and place of the meeting at least one (1) week in advance, and will be allocated up to thirty (30) minutes to make a presentation.
 - c. The Tutor/Marker will establish at least two (2) office hours per week for consultation with students: one will be during the normal week-day office hours and the other should be during evening hours. Consultation may include face to face, telephone and/or electronic communication.
 - d. The Tutor/Marker will make all reasonable efforts to establish communication with each within the first two (2) weeks of the semester and will report any difficulty in this regard to the Director of the Centre for Online and Distance Education. Failing such contact the Tutor/Marker will send out a prepared form letter.
 - e. If the Tutor/Marker is unable to answer any question related to the operation of the course she/he will relay the question to an employee of the Centre for Online and Distance Education.
 - f. The Tutor/Marker will attempt to answer all student questions related to the academic content of the course and will prepare

her/himself to discuss issues arising from the course. If requested, the Tutor/Marker will provide recommendations to students for additional readings.

- g. The Tutor/Marker will mark the assignments for a distance education course for the students assigned to her/him and provide feedback to each student on each assignment marked. The Tutor/Marker may also be required to mark the final exam and the mid-term(s) and tests, and to provide the Course Supervisor with the marks assigned to each student. After consultation with the Course Supervisor and the Director of the Centre for Online and Distance Education, the Tutor/Marker may initiate or be required to initiate a tape or letter for all students assigned to her/him identifying assignment problems, or misinterpretations.
- h. The Tutor/Marker will provide the Director of the Centre for Online and Distance Education with a copy of the midterm (where applicable) and final exam grades.
- i. The Tutor/Marker will complete and submit a report assessing her/his experience with the course in the form requested by the Director of the Centre for Online and Distance Education.
- j. In some cases a Tutor/Marker may be expected to assist in following up a grade appeal or in clearing up a deferred grade after the end of the semester.
- k. The Course Supervisor shall endeavour to consult with the Tutor/Marker before changing marks assigned by her/him.
- l. The Tutor/Marker shall conduct herself/himself in a responsible and ethical manner in the performance of her/his duties and in her/his relations with students and staff.
- m. The Tutor/Marker shall not discriminate against any student on any grounds named in Article IX, "No Discrimination and No Harassment".

D. Assignment and Compensation

- 1. A TM Assignment will include base units for each of the following that apply:
 - a. Two and seventeen one-hundredths (2.17) base units for preparation and tutoring for each separate course for which the Tutor/Marker is assigned duties and responsibilities.
 - b. One (1) base unit for tutoring and marking for the first increment of up to twenty (20) students enrolled in a specific

course for which the Tutor/Marker is assigned duties and responsibilities at the end of the third (3rd) week of classes.

- c. One-fourth (1/4) base unit for each additional increment of up to five (5) students enrolled in a specific course for which the Tutor/Marker is assigned duties and responsibilities at the end of the third week of classes.
- d. Assigned base units in the initial contract of employment will be based on enrolment at the end of the registration release period, less three quarters (0.75) of a base unit.
- e. Once enrolment is confirmed at the end of Week 3, pay for the Tutor Marker will be adjusted up where necessary to compensate for the total number of students enrolled in the course for which the Tutor Marker is assigned duties and responsibilities.
- f. Base units are intended to approximate forty-two (42) hours of work per semester. The number of hours of work required for each base unit is expected to approach, but not exceed forty-two (42) per semester.
- g. There are no hours of work associated with the additional 0.17 base unit for preparation.
- h. To compensate for all statutory holidays which may occur in a semester, the total workload will be reduced by one point one (1.1) hours for each base unit assigned, excluding the additional 0.17 base unit for preparation, e.g. four point four (4.4) hours reduction for a 4.17 base unit appointment.

The definition of base units is only an approximation of the time required for duties assigned since the actual hours may be affected greatly by differences in the expertise and experience of the employees and even by differences in style and approach to aspects of the work.

- 2. Compensation shall be inclusive of all the duties and responsibilities assigned to and performed by a Tutor/Marker during the term of the appointment and an increase in workload beyond the number of base units assigned will result in a commensurate increase in remuneration. Adjustments in workload after a Tutor/Marker has been appointed shall not result in a reduction in the total compensation received by an employee.

3. a. Substituting within a course for a week or less during the course of a semester in duties comparable to those already assigned will normally be considered to fall within the duties of an employee and will not result in additional compensation. If it is appropriate and feasible, arrangements may be made to exchange duties. Substitution shall not constitute an unreasonable burden on the employee. Such substitution shall occur only when acceptable to the Course Supervisor and the Director of the Centre for Online and Distance Education.
 - b. Substitution beyond the limits specified in 3.a. above must be acceptable to the Department Chair, the Director for the Centre for Online and Distance Education and to the employee. The employee will be compensated in full or fractional base units commensurate with the duties assigned.
4. The University shall pay the costs of any long distance or collect calls that the Tutor/Marker incurs for the purposes of assisting distance education students assigned to her/him.
5. Should a Tutor/Marker work beyond the four (4) month term of appointment as in the case of a deferral or appeal, additional compensation shall be prorated at an hourly rate appropriate to her/his classification. The number of hours to be undertaken shall be determined by mutual agreement of the employee, Department Chair and Director of the Centre for Online and Distance Education.

E. Time Use Guidelines

1. The basic Time Use Guideline (TUG) appears in Appendix F.
2. The Centre for Online and Distance Education will send out Time Use Guidelines to each Course Supervisor and will require their use when establishing the required duties and responsibilities as outlined in Article XV C. 2.
3. Establishment of the duties will take into account several factors, including but not limited to, number of students, number of marking assignments, midterm examinations and final examinations, introduction of new texts and/or software, preparation time, and administrative duties. Where a Tutor Marker is required to use course specific software or technology with which she/he has no previous experience or training, the Course Supervisor shall allocate a reasonable amount of time (up to seven (7) hours) in the Time Use Guidelines for preparation related to learning to use the software or technology. Additional hours may be allocated where mutually agreed to by the Course Supervisor and the TM, and upon departmental approval. The Course Supervisor should complete these forms during the first week of classes each semester and consult with the Tutor Marker. The Tutor Marker is entitled to suggest amendments to the assigned times for the various activities. The Course Supervisor is expected to provide on the Time Use Guideline a guideline of the approximate length of time expected to be devoted to each major activity, e.g. marking, and office hours/student consultation. Where the Tutor Marker is also the Course Supervisor for the course, the Chair of the Department will complete the Time Use Guideline in consultation with her/him.

The provision of XV D.1.f. regarding individual variances will apply.

4. a. Prior to the end of week five (5), the Centre for Online and Distance Education will remind Course Supervisors and Tutor/Markers that Course Supervisors are required to conduct a workload review (Workload Review Form in Appendix F). The Course Supervisor, in consultation with the Director of the Centre for Online and Distance Education and the Tutor Marker, will conduct the workload review in a timely manner, so as to ensure that the course is sufficiently advanced to assess the workload, and will advise the Tutor Marker of the result of the review and provide a copy to the Tutor Marker. If found excessive, the workload shall be reduced accordingly, or, with the agreement of the Tutor Marker, the compensation shall be increased accordingly. The Centre for Online and Distance Education shall promptly advise the Tutor Marker of the results and reason of the

decision in writing, a copy to be sent to the Union. After receiving the results of the workload review, the Tutor Marker can request a meeting with the Department Chair and Director of the Centre for Online and Distance Education to discuss the review. The Tutor Marker has the right to be accompanied by a Union representative at that meeting if she/he so wishes.

b. Upon request of a Tutor Marker who reasonably believes that her/his total workload will exceed by semester end the maximum of forty-two (42) hours per base unit assigned, the Director of the Centre for Online and Distance Education in consultation with the Course Supervisor and the Tutor Marker shall review her/his workload within ten (10) days. If found excessive, the workload shall be reduced accordingly, or, with the agreement of the Tutor Markers, the compensation shall be increased accordingly. The Centre for Online and Distance Education shall promptly advise the Tutor Marker of the results and reason of the decision in writing, with a copy to be sent to the Union. After receiving the results of the workload review, the Tutor Marker can request a meeting with the Department Chair and Director of the Centre for Online and Distance Education to discuss the review. The Tutor Marker has the right to be accompanied by a Union representative at that meeting if she/he so wishes.

5. A Tutor Marker who believes she/he has been required to exceed and has exceeded the total hours maximum for the base unit assigned may grieve for the appropriate increase in compensation. Such a grievance shall not be prejudiced by any workload review.
6. Where a TM or the Union believes there is a workload issue in a specific course, the Union may request a copy of the Time Use Guideline for that course by notifying the department in writing. Upon receipt of the written request, the department shall provide a copy to the Union of the Time Use Guideline within ten days.

Distance Education Supervisors shall not be responsible under this appointment for the design of the course or the development of course materials.

For greater clarity, awards from the TSSU Member Child Care Fund shall not exceed the total amount available in the Fund. Such disbursements shall occur as follows:
 - (i) having verified the information provided by applicants, the University will provide TSSU with a spreadsheet setting out the information from the form, by no later than the fourth week of the semester;

- (ii) within two (2) weeks of receipt of this spreadsheet, TSSU will advise the University which applicants are to receive monies from the fund and the amount to be disbursed;
 - (iii) within two (2) weeks of receipt of the advice in (ii) above, the University will issue the disbursements outlined therein;
 - (iv) in the event an applicant has a dispute regarding the disbursed amount, said dispute will be resolved by the TSSU.
- f. Upon notification, successful applicants will have the amount from the child care fund awarded for the semester either credited to their student account when issued as a bursary, or paid by cheque or direct deposit when issued as a grant.

Re: Payroll Deductions

The parties agree that TSSU employees who are also students during the semester of their TSSU appointment can have their tuition deducted from their salary, without late fees or other penalties for so doing.

Employees who wish to have their tuition deducted from their salary shall complete the enrolment form on the SFU Payroll website. Employees must include in this form the dollar amount that they wish to have deducted from each payroll deposit. In order to avoid incurring late fees, employees are responsible for ensuring that they make payments through payroll deduction every pay period, and have their tuition paid in full by the final payroll deposit of the semester. APPENDIX N**LETTER OF AGREEMENT****Between****THE TEACHING SUPPORT STAFF UNION (the “Union”)****And****SIMON FRASER UNIVERSITY (the “University”)**

RE: W Courses

The University is in the process of introducing writing intensive (W) courses designed to foster undergraduate students’ acquisition of lifelong abilities in communication, critical thinking and writing. The implementation of these courses, among others, is being facilitated by the Undergraduate Curriculum Implementation Task Force (UCITF). It is recognized that TSSU members that have been appointed to a W course need specialized training to ensure that they have the skills necessary to effectively and efficiently carry out their duties involved with that W course.

The specific mechanism and implementation for such courses has not been finalized and various models are under consideration. Pending a final determination in this regard, for the term of the collective agreement, the Union and the University agree to the following:

1. All courses which have been designated as a W course will be identified as such in the job posting.
2. Any TA or TM training which is required for W courses will be paid through the existing base unit pay scale. Mandatory training may be taken prior to or concurrently with the course. Such mandatory training will not be considered a necessary prequalification to receive a W appointment.
3. Course supervision and evaluation of Teaching Assistants and Tutor Markers for all W courses will be the sole responsibility of the Course Supervisor.
4. Course Supervisors will ensure that for all W courses, course assignments, marking criteria and examinations will comply with Time Use Guidelines.
5. Course Supervisors will be required to conduct an automatic workload review of all W courses by the end of week five (5).
6. In recognition that the consultation and marking time required for W courses is typically higher than for non-W courses, the UCITF,

as part of the initial implementation of W courses, recommended that, where applicable, the student-TA ratio be reduced by as much as one-third and that funding be allocated to implement this recommendation. In practice departments use a variety of methods to manage TA workloads. Whatever methods departments use, they shall ensure that TA workloads do not exceed the Base Units assigned and that the workload of a W course appointment remains comparable to that of a non-W course appointment.

7. It is anticipated by the UCITF that the development and delivery of W courses will be done by faculty. However, if a Sessional Instructor is appointed to a W course, then she/he will be compensated at least an additional half contact hour (0.5) over the minimum compensation levels set in Article XIV.D, for the first time that the Sessional Instructor teaches a W course. Where an existing course is changed to a W course, with no resulting change in the pedagogy or the method of instruction, additional preparation will not be paid. The additional half contact hour (0.5) compensation is in recognition that the initial workload for instructors of W courses will typically be higher than for instructors of non-W courses. Additionally departments offering W courses shall ensure that the workload of the Sessional Instructor is not excessive and that the compensation paid to the Sessional Instructor shall reflect any approved additional work done.
8. Any Sessional Instructor training which is required for W courses will be paid at an hourly wage rate equivalent to that of a GTA 2 salary and scholarship.
9. The University will advise the Union of changes to the undergraduate core curriculum in a timely manner and will provide the Union with semesterly updates from the UCITF regarding W course workloads at Labour/Management meetings.

Any other issue that may arise involving the implementation of W courses may be directed to the Labour-Management Committee for resolution.

RE: ECONOMIC STABILITY DIVIDEND

Definitions

1. In this Letter of Agreement:

“Collective agreement year” means each twelve (12) month period commencing on the first day of the renewed collective agreement. For example, the collective agreement year for a collective agreement that commences on May 1, 2014 is May 1, 2014 to April 30, 2015 and each period from May 1 to April 30 for the term of the collective agreement;

“Economic Forecast Council” means the Economic Forecast Council appointed under s. 4 of the Budget Transparency and Accountability Act, [S.B.C. 2000] c. 23;

“Forecast GDP” means the average forecast for British Columbia’s real GDP growth made by the Economic Forecast Council and as reported in the annual February budget of the government;

“Fiscal year” means the fiscal year of the government as defined in the Financial Administration Act [1996 S.B.C.] c. 138 as ‘the period from April 1 in one year to March 31 in the next year’;

“Calendar year” Is a twelve (12) month period starting January 1st and ending December 31st of the same year based upon the Gregorian calendar.

“GDP” or “Gross Domestic Product” for the purposes of this LOA means the expenditure side value of all goods and services produced in British Columbia for a given year as stated in the BC Economic Accounts;

“GWI” or “General Wage Increase” means a general wage increase resulting from the formula set out in this LOA and applied as a percentage increase to all wage rates in the collective agreement on the first pay day after the commencement of the eleventh (11th) month in a collective agreement year;

“Real GDP” means the GDP for the previous fiscal year expressed in constant dollars and adjusted for inflation produced by Statistics Canada’s Provincial and Territorial Gross Domestic Product by Income and by Expenditure Accounts (also known as the provincial and territorial economic accounts) and published as “Real Gross Domestic Product at Market Prices” currently in November of each year.

The Economic Stability Dividend

2. The Economic Stability Dividend shares the benefits of economic growth between employees in the public sector and the Province contingent on growth in BC’s real GDP.
3. Employees will receive a general wage increase (GWI) equal to one-half (1/2) of any percentage gain in real GDP above the forecast of the Economic Forecast Council for the relevant calendar year.
4. For greater clarity and as an example only, if real GDP were one percent (1%) above forecast real GDP then employees would be entitled to a GWI of one-half of one percent (0.5%).

Annual Calculation and publication of the Economic Stability Dividend

5. The Economic Stability Dividend will be calculated on an annual basis by the Minister of Finance for each collective agreement year commencing in 2015/16 to 2018/2019 and published through the PSEC Secretariat.

6. The timing in each calendar year will be as follows:

- (i) February Budget – Forecast GDP for the upcoming calendar year;
- (ii) November of the following calendar year – Real GDP published for the previous calendar year;
- (iii) November - Calculation by the Minister of Finance of fifty percent (50%) of the difference between the Forecast GDP and the Real GDP for the previous calendar year;
- (iv) Advice from the PSEC Secretariat to employers' associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Growth Dividend.

7. For greater clarity and as an example only:

For collective agreement year 3 (2016/17):

- (i) February 2015 – Forecast GDP for calendar 2015;
- (ii) November 2016 – Real GDP published for calendar 2015;
- (iii) November 2016 - Calculation of the fifty percent (50%) of the difference between the 2015 Forecast GDP and the 2015 Real GDP by the Minister of Finance through the PSEC Secretariat;
- (iv) Direction from the PSEC Secretariat to employers' associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Growth Dividend
- (v) Payment will be made concurrent with the General Wage Increases on the first pay period after respectively May 1, 2016, May 1, 2017, May 1, 2018 and April 30, 2019.

Availability of the Economic Stability Dividend

8. The Economic Stability Dividend will be provided for each of the following collective agreement years: 2015/16 (based on 2014 GDP); 2016/17 (based on 2015 GDP); 2017/18 (based on 2016 GDP); and, 2018/19 (based on 2017 GDP).

Allowable Method of Payment of the Economic Stability Dividend
